Pattern Notes

Vest is worked in the round to the armholes then front and back worked separately and shoulders joined using 3 needle bind off. The front has more stitches than the back because the cable band pulls the stitches in a little.

Numbers are listed as follows: size 10 (12, 14, 16, 18, 20). Where there is only one set of numbers this applies to all sizes. I recommend working all increases and decreases two stitches in from the edge unless otherwise stated.
